

C.O.P.S. SHOP on Garland?

The Garland Neighborhood has seen an increase in crime activity over the last few years – arson, vandalism, assault, armed robbery and murder.

Do we need a C.O.P.S substation in the Garland District?

The Garland Business District has been actively pursuing a C.O.P.S. substation in our neighborhood. We need your support and input to make this happen.

Please attend this information meeting to find out what it takes to open and support a C.O.P.S substation.
